

AAA Nursing Services
...dedicated to providing quality service

MINIMIZING THE EFFECTS OF PARKINSON'S DISEASE

At Home

A MANAGEMENT PLAN FOR YOU

By closely following your physician's plan of care, you can effectively manage your condition and **AAA Nursing Services** is here to help. Our nurses, therapists, social workers, equipment specialists and nurse's aides will contribute to your recovery every step of the way, working closely with your doctors and your family.

AAA Nursing Services: In Home visits skilled nurses & therapists

Licensed nurses will educate you and your family members on managing Parkinson's disease. They will monitor medications and establish a personal medication regime.

Medical Social Workers evaluate community resource needs, coordinate services and provide counseling for the patient and family.

Physical therapists will conduct a home safety inspection to recommend adaptive medical equipment to assist with Activities of Daily Living (ADL's), which include bathing, dressing, ambulation, eating, transferring and toileting. An individualized custom exercise program will be designed to help build strength and increase body energy.

Speech therapists will evaluate swallowing abilities, make appropriate dietary suggestions, and provide alternate means of communication when necessary,

AAA Nursing Services: Individualized one to one in-home care

AAA's caregivers can provide assistance with:

- Gait supervision to prevent falls
- Light housekeeping to remove potentially dangerous obstacles
- Feeding during tremor episodes
- Specialized meal preparation (pureeing, etc.) when swallowing is difficult
- Transferring to and from beds, wheelchairs, toilets, tubs, and chairs
- Activities of Daily Living such as bathing, dressing, eating, grooming, etc...
- Emotional support, social stimulation, and companionship to help prevent depression/loneliness
