MANAGING MULTIPLE SCLEROSIS

At Home

A MANAGEMENT PLAN FOR YOU

By closely following your physician's plan of care, you can effectively manage your condition and **AAA Nursing Services** is here to help. Our nurses, therapists, social workers, equipment specialists and nurse's aides will contribute to your recovery every step of the way, working closely with your doctors and your family.

AAA Nursing Services: In Home visits from skilled nurses & therapists

Licensed nurses will educate you and your family members on the management of Multiple Sclerosis. They will monitor medications and establish a custom made medication regime.

Medical Social Workers will help you and your family access community resources, and will coordinate services and provide counseling for the patient and family.

Physical or occupational therapists will conduct a home safety inspection to recommend adaptive medical equipment to assist with Activities of Daily Living (ADL's). An individualized custom in-home exercise program will be designed to help build strength and increase the flow of body energy.
